Must see home on the desirable "Loop" of Cobblestone Ranch!

This 6 bed, 4 bath home backs to open space and has a 3 1/2 car oversized garage. When you walk in, you'll immediately feel at home with this impressive layout. Find a versatile front living room the is open to a formal dining room that affords countless options for decorating and use.

The Kitchen is gorgeous with 42" Cabinets, new tile floors, an island and eat-in nook. There is even an additional gas line hook up already added in if you prefer to cook with Gas!

An open floor plan design creates wonderful entertaining options as you make your way over to the large Great Room and enjoy the cozy fireplace and designer mantle. Take note of the additional "bump outs" added in the nook and great room adding much needed extra space!
